
Overview

Greetings, once again, from the staff of MaineGeneral Medical Center Laboratory (MGMC). We appreciate the opportunity you have given us to work with you toward meeting patients' needs.

MGMC provides its clients with a variety of educational opportunities. This comprehensive "Laboratory Reference Guide" contains test information, specimen collection instructions, expected results, applicable laboratory policies, and much more information. In addition, laboratory newsletters are regularly distributed to inform clients of new services or other laboratory related changes. As appropriate, MGMC offers education inservices covering a variety of laboratory topics to the medical staff and the personnel from our clients' offices.

We pledge to you our continued support for your efforts in caring for your patients; and we hope that during the coming year, you will find us a valuable resource.

Sincerely,

Cheri Aubertine, M.D.
Medical Laboratory Director
